Education

SR University, Telangana, India <i>Bachelor of Technology in Computer Science</i>	Aug 2021 – Aug 2025 <i>CGPA: 7.6</i>
SR Junior College for Girls, Hanamkonda <i>MPC Intermediate</i>	Jul 2019 – Jul 2021 <i>Percentage: 76%</i>
SR National High School, Hanamkonda <i>Class X</i>	Jun 2018 – Jun 2019 <i>GPA: 9.0</i>

Projects

Collage Bus Tracking System	Php, SQL, Localhost
– Developed a website for the university bus tracking system to enhance the efficiency of college transportation, allowing students and staff to locate and track buses quickly and easily. We used a SQL database as the backend to store the data.	
Student Management System	Java
– Streamlined educational administration with user-friendly features for student information management, enrollment, grading, and attendance tracking.	
Railway Reservation System	C
– Designed a system to streamline the booking process for train tickets, allowing passengers to book seats, view updates, and cancel tickets.	

Internships

Android Developer Intern	July 2024 – Sep 2024
– Completed a virtual internship focusing on Android development through the AICTE and Google Developers.	
Python Full Stack Developer Intern	Oct 2024 – Dec 2024
– Completed a Python Full Stack Development internship focusing on front-end and back-end development using Python, JavaScript, HTML, CSS, and frameworks through AICTE.	

Technical Skills

Programming Languages:

C

Java (Basic)

Python (Basic)

Databases: MySQL

Other Achievements (Certifications, Workshops Attended)

Hackathon certification - C

HackerRank certificate - Python (Basic)

HackerRank certificate - Java (Basic)

Introduction to Networks - Cisco
